

Natural Gas Safety

Village of Stonington, Illinois

Phone: 325-3621

YOUR SAFETY IS OUR CONCERN:

- *SINCE NATURAL GAS IS ODORLESS, WE HAVE ADDED A DISTINCTIVE ODOR TO HELP YOU DETECT EVEN THE SMALLEST AMOUNT OF ESCAPED GAS.*
- *MAKE SURE THAT EVERYONE IN YOUR HOME IS ABLE TO RECOGNIZE THE ODOR ASSOCIATED WITH NATURAL GAS.*
- *IF YOU EVER SMELL THE NATURAL GAS ODOR IT COULD INDICATE A LEAK.*
- *DO NOT LIGHT A MATCH, DO NOT TURN ON AN ELECTRICAL SWITCH OR FLASHLIGHT, DO NOT USE A TELEPHONE – AN ELECTRICAL ARC MAY IGNITE THE GAS CAUSING AN EXPLOSION.*
- **EVACUATE THE PREMISES IMMEDIATELY!**
- *GO TO THE NEAREST TELEPHONE AND CALL US AT 217-???-????.*
- *LEAVE THE DOORS OPEN TO VENTILATE THE PREMISES WHEN YOU LEAVE.*
- *PLEASE USE THIS INFORMATION TO STAY SAFE AND IF YOU HAVE ANY QUESTIONS PLEASE GIVE US A CALL.*
